***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 13-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Koga et al as set forth in the previous Office Action mailed out on 1/10/01 (Paper No. 7).

***Response to Arguments***

3. Applicant's arguments filed 7/10/01 have been fully considered but they are not persuasive.

Regarding the Applicant's argument in that the cited reference of Koga et al fails to disclose the feature of the processed multi-frame data which are data for displaying a plurality of pictures in a single image as claimed in the claimed invention, Examiner disagrees. It is noted that such a feature of the multi-frame data for displaying a plurality of pictures in a single image would be an inherent characteristic of the Koga's reference since one of ordinary skill in the art would readily recognize that a displayed image would forcedly have more than one picture thereof such as the background picture of a displayed image, for example.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2615

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
